Summary

Detail-oriented Web Developer with hands-on experience building full-stack applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Skilled in both frontend and backend development with a strong foundation in Java and JavaScript. Demonstrated ability to integrate AI models and develop user-focused solutions. Passionate about writing clean, efficient code and contributing to collaborative, fast-paced development environments.

Education

Roorkee Institute Of Technology

Bachelor of Technology in Computer Science and Engineering

Nov 2022 – Jun 2026

Roorkee, Uttarakhand

Holy Kids International School

Secondary High School in Science

Jul 2018 – Mar 2020

Saran, Bihar

Maxwell High School

High School

Mar 2016 – Jun 2018

Sonepur, Bihar

Relevant Coursework

- Data Structures and Algorithms
- Web Development
- Database Management System (DBMS)
- Object Oriented Programming (OOPS)
- Software Engineering
- Communication and Critical Thinking

Technical Skills

Languages: JavaScript, Java, HTML, CSS

Developer Tools: VS Code, Git, GitHub

Technologies/Frameworks: React.Js, Node.Js, Express.Js, MongoDB, Bootstrap, Tailwind CSS

Concepts: React Hooks, REST APIs, JWT Authentication, Component Lifecycle, Routing (React Router)

Cloud Platforms/Deployment: Vercel, Netlify, Cloudinary

Soft Skills: Team Collaboration, Problem Solving, Time Management

Projects

Idea Engine | React, Node.js, Express.js, JWT, Google Gemini AI

March 2024 – May 2024 (3 Months)

- Developed a full-stack web application enabling users to generate business ideas and growth strategies based on AI-driven analysis
- Integrated secure user authentication and personalized business questionnaires to capture user input effectively.
- Leveraged Google's Gemini ML model to analyze user data and generate tailored business blueprints.
- Delivered step-by-step growth recommendations, increasing user engagement and platform utility.

- **Project Link:** <https://ideaenginee.vercel.app/>

Intern Connect | React, Node.js, Express.js, MongoDB

August 2024 – January 2025 (5 Months)

- Built a scalable platform for internship discovery and recruitment, connecting students with verified internship opportunities.
- Designed user-friendly interfaces for internship search, application tracking, and certificate generation.
- Automated internship certificate issuance, improving credibility and operational efficiency.
- Developed a company dashboard for posting openings, managing applicants, and streamlining the entire internship lifecycle.

Work Experience

The Entrepreneurship Network

March 2024 – June 2024 (3 Months)

Web-Developer Intern

Noida, Uttar-Pradesh

- Developed full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js), contributing to both client-facing and internal tools.
- Collaborated with senior developers on complex corporate projects, ensuring high-quality design and code consistency.
- Designed and implemented key project features, improving workflow efficiency and enhancing user experience across platforms.
- Completed end-to-end development tasks including secure backend APIs and responsive frontend components for scalable web solutions.
